

# **Got Books...that need repair?**

## **We may be able to help.**

Chances are that you are having to make every dollar stretch, what with budget cuts and shortages. Now more than ever, textbooks and library books need to last longer and that means repairing what might otherwise have been discarded.

CSLA Southern Section Region 1 is sponsoring a book repair workshop with Will Elliott from Demco. Participants will get hands-on experience in repairing the most common problems with worn or mistreated books. They will have a chance to bring their questions to an expert for help. And they will all receive a book repair starter kit as a part of the workshop.

***When: Saturday, March 5, 2011***

***Where: Ridgeview High School Library***

***Time: 9:00 a.m. to 11:30 a.m.***

***Cost: Free to CSLA members***

***\$20 for non-members. The cost covers the price of the repair kit which participants will be able to keep.***

Fruit, muffins, juice, coffee and tea will be provided.

To give us an idea of how many kits will be needed, please RSVP by Tuesday, February 22, 2011. Just fill out the form below and attach the fee, if necessary. Checks can be made out to CSLA Southern Section. Return your form and payment to :

Cathy Henry
